EggMeister

Instructions!

MR.BOT

Thanks!

First of all...

Thanks for buying this app!

It was created with patience and ♥ for coding :)

Settings

After installing and starting the app, press the Playdate menu button and select "settings".

1 Select your region!

2 Select the units you want to use (metric / imperial).

Play Time!

Boiling your perfect egg takes time... So why not uncrank the time 😊

EggMeister

Eggspert?

Tip & Tricks, for eggsperts!

If you choose "Customize" in the Location section of the settings, you can customize the starting temperature and weights.

Cooldown the Eggs after boiling.
